Permanent Address: Jwalapur, Haridwar, Uttarakhand

PROFILE

Accomplished IT professional with over 15 years of experience specializing in Data Center Management, System Administration, Virtualization, and Cloud Infrastructure. Proven track record in orchestrating large-scale government and private sector data centers, including India's flagship Bhamashah State Data Centre (BSDC) featuring 600 server racks and 200 network racks. Skilled in managing complex cross-platform environments, high-availability clusters, patch management, and disaster recovery.

TECHNICAL SKILLS

- **Operating Systems:** Windows Server (2003, 2008 R2, 2012 R2, 2016, 2019, 2022), Linux (RHEL 6/7/8, CentOS, Ubuntu, SUSE), Windows XP–11
- **Virtualization & HCI:** VMware vSphere (6.0, 6.5, 7.0), Nutanix HCI, Microsoft Hyper-V, SCVMM 2012
- **Server Hardware:** Dell PowerEdge (R740, R630, M1000e Chassis), HP ProLiant (DL380 Gen9, DL360, ML110, BL460, c7000 Enclosure), Cisco UCS (B480-M5, C220 M5)
- **Storage & Backup:** HPE 3PAR, MSA 2040, Symantec Backup Exec, Commvault Simpana 10R2, Veeam Backup for Nutanix
- **Networking & Security:** FortiGate (1200D/600D), Cyberoam, Sophos Antivirus, Trend Micro (Deep Security, Apex One, Worry-Free), F-Secure, Array Load Balancers
- **Cloud & Infrastructure:** AWS, Microsoft Azure, IBM Cloud, Traditional, Converged, and Hyper-Converged Infrastructure (HCI)
- **Core Services & Tools:** Active Directory, DNS, DHCP, IIS, Apache (HTTPD), ITIL Incident/Problem Management, Jira, Confluence, Kibana, IPMON, SolarWinds

CERTIFICATIONS

- MCSE & MCSA (Cert. No. MS0610862664)
- RHCE & RHCSA (Cert. ID 180-165-938)
- CKA: Certified Kubernetes Administrator (Cert. No. LF-9b7b60ynzd | Valid: May 2023 – May 2026)
- ITIL Foundation (Cert. No. GR750208994NB)

EDUCATION & RESEARCH

- M.Tech in Computer Science & Engineering | St. Margaret Engineering College, RTU (2020) — 63%
- B.Tech in Information Technology | I.S.T.K., Kurukshetra University (2011) — 65%
- Intermediate (Class XII) | Bal Mandir Sr. Sec. School, CBSE Delhi (2007) — 71.2%
- Matriculation (Class X) | St. Mary's Sr. Sec. School, CBSE Delhi (2005) — 68.2%

- **Research Publication:** Fusion in Multibiometric Systems Using Fuzzy Logic & Algorithm — Published in International Journal for Technological Research in Engineering (IJTRE), Vol. 6, Issue 12, August 2019 (ISSN: 2347-4718).

SUMMARY OF EXPERIENCE

1. Inspira Enterprise India Ltd. | Server Specialist | Jaipur, Rajasthan
2. TNS Networking Solutions Pvt. Ltd. | Senior System Administrator | Dehradun, Uttarakhand
3. Concord Next Step Development India Pvt. Ltd. | Service Operation Engineer | Jaipur, Rajasthan
4. Mahindra Defence Systems Ltd. | Analyst L8 – Operational | Ajmer, Rajasthan
5. Orange Business Services (ManpowerGroup) | Technical Consultant | Ranchi, Jharkhand
6. Livia India Ltd. (Subsidiary of IL&FS Technologies) | System Administrator | Gurgaon, Haryana
7. G.D. Foods Mfg. (I) Pvt. Ltd. (TOPS) | IT Executive | New Delhi
8. Agile Softech Pvt. Ltd. | Technical Support Engineer | Noida, Uttar Pradesh

KEY PROJECTS MANAGED

Government Sector Projects:

- Rajasthan State Data Center (RSDC/BSDC) | DOIT&C | Jaipur, Rajasthan
- Uttarakhand State Data Center (UKSDC) | ITDA | Dehradun, Uttarakhand
- Jharkhand State Data Center (JHSDC) | JAP-IT | Ranchi, Jharkhand
- Ajmer Smart City (Dial 100 Project) | DOIT&C | Ajmer, Rajasthan
- Uttarakhand SWAN Project | ITDA | Dehradun, Uttarakhand
- Dharani Land Record Management System | CCLA | Hyderabad, Telangana
- Naya Raipur Smart City | NRDA | Naya Raipur, Chhattisgarh

Private Sector Projects:

- Concord Technologies Data Centers | Seattle, Chicago, Brussels, Vancouver, Hamilton
- IL&FS Data Centers | Gurgaon & Delhi
- G.D. Foods Mfg. Data Center | New Delhi
- Agile Softech Data Center | Noida, Uttar Pradesh

PROFESSIONAL EXPERIENCE

Inspira Enterprise India Ltd. | Jaipur, Rajasthan
Server Specialist (Bhamashah / Rajasthan State Data Centre) | July 2021 – Present

- Managed overall administration of Windows Domain Controllers, Application Servers, and Antivirus Servers, alongside Linux DNS, Log, Proxy, and NTP servers.
- Managed DNS records for rajasthan.gov.in and maintained domain configurations within the Linux DNS framework.
- Provisioned and configured virtual machines (VMs) running Windows (IIS, website hosting) and RHEL (Apache/HTTPD).

- Maintained VMware vSphere (v6.0, v6.5, v7.0) infrastructure, performing routine maintenance, performance tuning, and troubleshooting.
- Managed automated patch deployment and Trend Micro Deep Security software across all virtual environments.
- Resolved incidents via the Rajasthan Sampark Portal within defined Service Level Agreements (SLAs) and performed Root Cause Analysis (RCA) for operational failures.
- Provisioned and decommissioned Windows (2016/2019/2022) and Linux (RHEL/CentOS/Ubuntu) VMs supporting over 790 government websites.
- Managed primary government data center infrastructure encompassing 600 racks at BSDC, alongside data centers at Yojana Bhawan (Jaipur) and Far Disaster Recovery (Jodhpur).
- Maintained Dell PowerEdge (R740, R630) servers, Dell M1000e chassis, and HP blade systems.

TNS Networking Solutions Pvt. Ltd. | Dehradun, Uttarakhand
Senior System Administrator (Uttarakhand State Data Centre)

- Administered Windows Domain Controllers (Primary and Additional Domain Controllers).
- Configured and managed Nutanix HCI cluster featuring 26 nodes and 536 live virtual machines across Windows and Linux platforms.
- Developed and upgraded the Local DNS Server infrastructure for uk.gov.in from CentOS 7 to CentOS 8.
- Implemented Far Disaster Recovery (DR) for UKSDC in Mumbai (managed via ESDS) and initiated Near DR setup at Dehradun Secretariat.
- Hosted and maintained 129 government websites (77 Production, 52 Staging).
- Executed patch management via WSUS Server 2016 R2 for Windows and orchestrated manual update workflows for Linux systems.
- Administered Trend Micro Worry-Free, Apex One, and Deep Security Endpoint Protection across server and desktop environments.
- Conducted scheduled system maintenance and executed VM export backup and restoration procedures.

Concord Next Step Development India Pvt. Ltd. | Jaipur, Rajasthan
Service Operation Engineer (Subsidiary of Concord Technologies - US MNC)

- Monitored multi-region data centers in the US (Chicago, Seattle) and Canada (Vancouver, Hamilton) using SolarWinds and IPMON.
- Handled incident management and change requests strictly adhering to Standard Operating Procedures (SOPs).
- Administered Windows (2003 through 2016) and Linux (RHEL) server environments.
- Managed Windows Failover Clusters and executed patch updates using LANGuard in accordance with SLAs.
- Scheduled and performed weekly off-peak reboots for critical physical and virtual machines.
- Documented daily operational workflows, tasks, and system logs using Jira and Confluence.
- Leveraged enterprise tools including Kibana (Elasticsearch call/port tracking), Wazuh (security log review), Samanage (ticketing), and Azure Metrics.

Mahindra Defence Systems Ltd. | Ajmer, Rajasthan
Analyst L8 – Operational

- Oversee operation of HP Blade and Rack servers running Windows Server 2012 R2 and Linux environments at Abhay Command & Control Centre.
- Maintained Windows Failover Clusters and VMware vSphere (ESXi, vCenter with DRS).
- Administered WSUS 2012 R2 for centralized patch installation and managed F-Secure Antivirus deployment.
- Configured networking and server monitoring parameters via SNMP using HP CA/EMS/NMS tools.
- Configured Sophos Antivirus Server and managed endpoint security deployment across client machines.

Orange Business Services (via ManpowerGroup) | Ranchi, Jharkhand
Technical Consultant (Jharkhand State Data Centre)

- Supported Windows (2012 R2, 2016, 2019) and Linux (RHEL, Ubuntu, CentOS) infrastructure on Cisco Blade and Rack servers.
- Managed virtualization infrastructure through System Center Virtual Machine Manager (SCVMM 2012) and Windows Failover Clustering.
- Handled automated patching via WSUS 2012 R2 and endpoint protection using F-Secure.
- Executed daily monitoring, backups, file purging, user access management, and Tier-2 technical support.

Livia India Ltd. (Subsidiary of IL&FS Technologies Ltd.) | Gurgaon, Haryana
System Administrator

- Naya Raipur Smart City (NRDA): Configured VMware vSphere on HP c7000 blade systems; configured FortiGate 1200D/600D firewalls in High Availability (HA), Array APV1600 link load balancers, and Alteon Radware load balancers.
- UK-SWAN & RSDC Projects: Managed HP Helpdesk Ticketing System, compiled compliance audit logs, and presented operational status reports to leadership.
- Dharani Project (Telangana): Conducted technical training for district coordinators and coordinated with network teams to open application ports across 584 government offices.
- IL&FS Ambience Mall Data Center: Administered Windows and Linux server environments, system backups, hardware maintenance, and OS patching.

G.D. Foods Mfg. (I) Pvt. Ltd. (TOPS) | New Delhi
IT Executive

- Administered Windows Server (2003, 2008 R2, 2012 R2) environments, Google Workspace (Gmail, Drive, Calendar), and Office 365.
- Executed daily backup and recovery procedures for core business applications.
- Provided technical resolution for hardware, network, email (Outlook), and peripheral issues.
- Coordinated with vendors for IT procurement and supported the deployment and trial phase of TCS iON ERP.

Agile Softech Pvt. Ltd. | Noida, Uttar Pradesh
Technical Support Engineer

- Handled desktop assembly, hardware troubleshooting, operating system deployment (Windows XP through 8), and software configuration.
- Configured network printers, scanners, and client antivirus solutions.
- Managed local procurement requests and vendor coordination for IT assets.
